Buddha Speaks, Weekly Oracle Planner

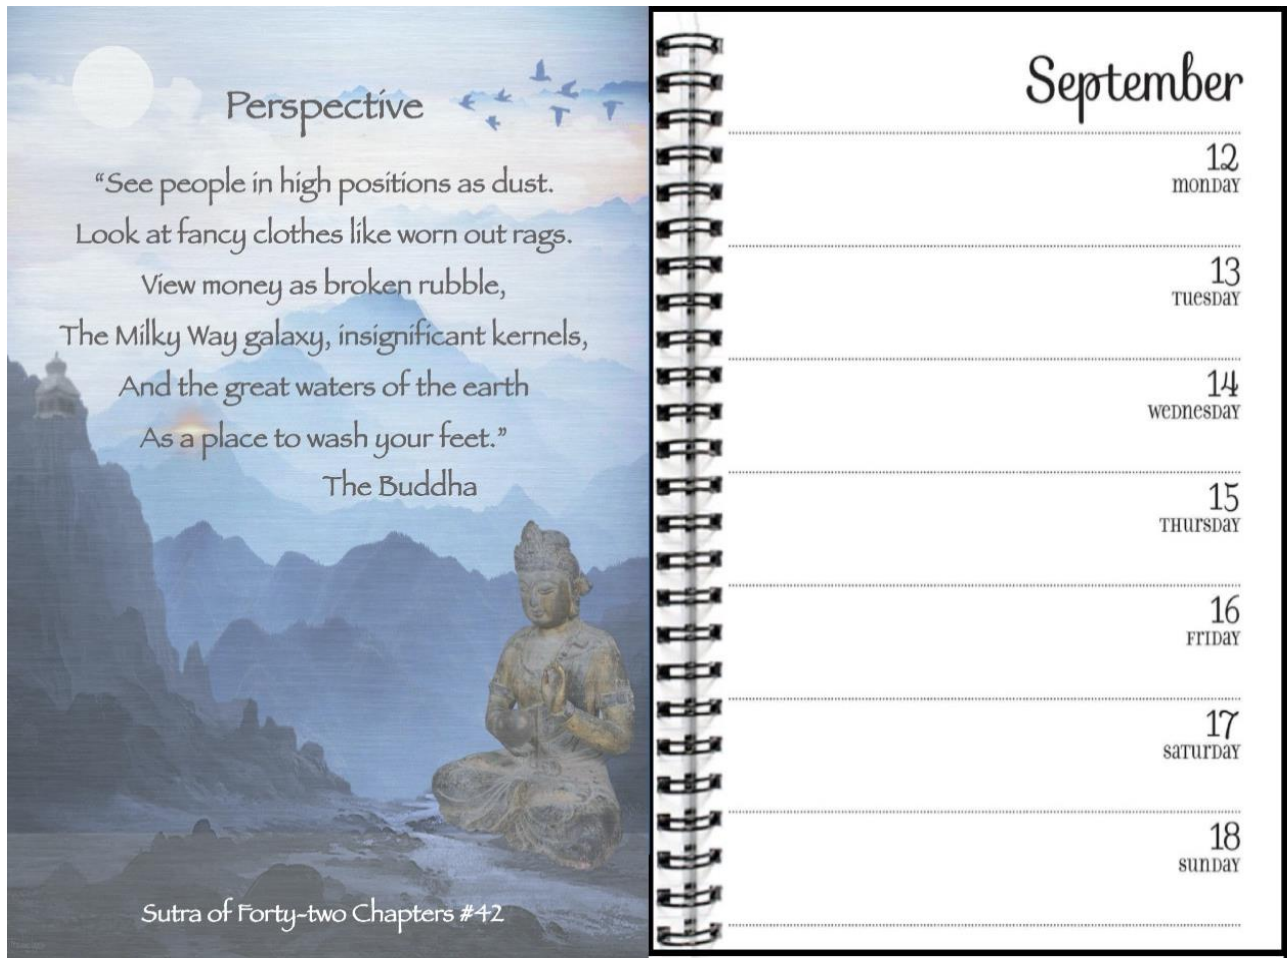

Each page of the planner contains a unique, thought-provoking Buddha quote with a beautiful image, to stimulate tranquility and inspire reflection from a fresh perspective.

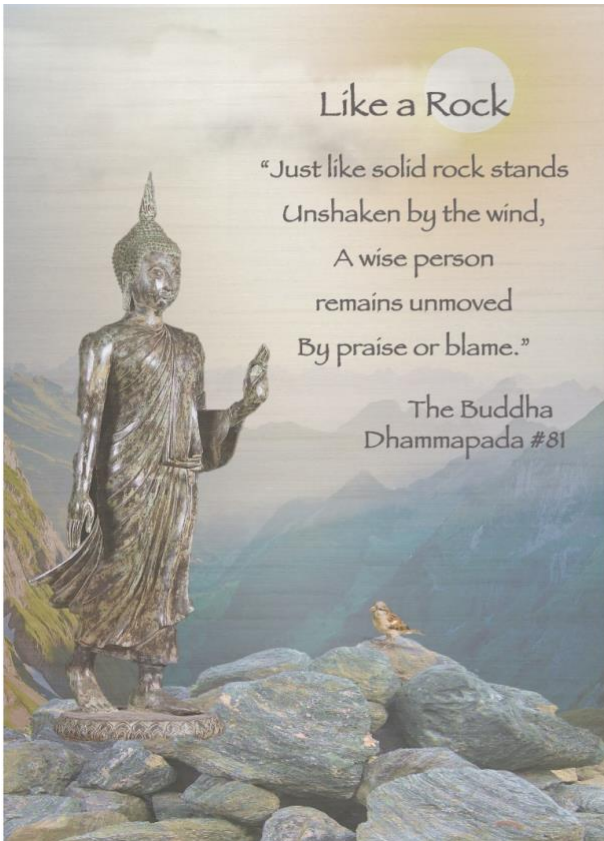

Merge the app with your calendar and appointments. Email your readings to friends. Share your readings via social media. Double click on a card that speaks to you strongest to find your highest guidance. Select your "card of the day" to etch it in your memory to reprogram your thoughts. Save your readings into a journal. Flip the card over to reveal its sacred art image.

I confess I'm a fanatic about my calendar. If I can't find a page that calms me, I'm afraid I'll be engulfed in total confusion. How lovely it will be to experience this tranquil state of being every time I open the planner!
